#### **Training courses sales site**

July 2020

For: Mr. Hadi Hesari

The coding function sections need to be created for customization purposes, including custom plugin coding for the Free Training section. Additionally, the site requires a login and membership system that uses phone numbers, a rating system, a professional user panel, and a support ticket system. Furthermore, there should be a feature that allows site users to communicate with each other directly on the site.

#### Visa Atlantis customer portal

January 2021

For: Visa Atlantis Comapany

The Visa Atlantis customer portal offers a simple and secure way to register and login to your user account using your mobile phone number and a one-time password. The portal is built with exclusive coding from scratch and is equipped with ultra-professional security features to prevent DDOS and CSRF attacks. Additionally, the portal is connected to payment gateways and an internal calendar, making it even more convenient to manage your transactions and schedule.

Link: https://portal.visaatlantis.com

#### **Content tools online store**

September 2020

For: Mohtava Tools

The website for Mohtava Tools has various features, such as a login and membership system that uses phone numbers. Each person has a wallet that is automatically credited with 20 units at the time of registration. Additionally, the mega-menu feature is available for easy navigation. A customer's location can be selected on the map for account settlement purposes. The status of the order will be communicated to the customer via SMS, both at the time of registration and upon completion. Furthermore, a tracking code will be sent to the customer once the product is given to the postman, which can be used to track the status of the order within the website.

Link: https://mohtavatools.ir

#### **Mohtava Tools SEO**

September 2020

For: Mohtava Tools

The website needs professional SEO, which includes technical, internal, and external optimization, for highly competitive keywords such as "content creation tools", "buying content production tools", "purchase of content production equipment", "content production equipment", "tools needed for content production", "review of content production tools", "content creation tool", "camera stand with T-function", "materials for creating content", "what tools are needed to produce content?", "three pillars of content production", "content production lighting", and "equipment needed to prepare video and content". The SEO strategy will follow the White Hat approach.

Link: https://mohtavatools.ir

# Designing an online store for audio files

August 2020

For: Mrs. Razia Alikhani

Dedicated header and footer design, store design, payment gateway configurations, Alexa ranking improvement, SEO optimization, and a dedicated plugin for publishing podcasts.
